

From his humble beginnings a decade ago feeding tiny crowds grooves to rocking multi-level restaurant bars; Swann's history runs deep. His vast musical knowledge, crowd-pleasing song selection and creativity keep his schedule filled with gigs. His skill and professionalism have made him a go-to choice of companies such as Holt Renfrew, FGL Sports, Alberta Health Services, and Boardwalk Rental Communities.

In Calgary he is a go-to call for hi-profile club parties, corporate functions and private events. Swann has also shared the stage with heavyweights such as Everlast, Joey Bada\$\$, The Beatnuts, Tha Alkaholiks, Xzibit, Apathy, and Celph Titled and more in cities from Nanaimo to Toronto and to other countries such as South Korea.

DJ Swann is your favourite DJ that you haven't heard yet. In a sea of pretenders Swann stands out with his meticulously crafted blends and selections. Swann dedicates the majority of his time digging up dusty breaks, laying down buttery chords, and looping chunky drums all for your eardrums.

No stranger to music production, Swann is a regular contributor to the Beatdrop community and his beats have been featured in beat battles and websites domestically and internationally. His continually expanding selection of classic mixtapes has reached tens of thousands of downloads and even spawned collaborations with international magazines like The Find Magazine
